Reference: EPA Identification Number: TND003095635
Hazardous Waste Permit Number: TNHW-157
Class I Modification Number: 6(A-1042)

Because you have requested to be kept informed of such matters, Nuclear Fuel Services, Inc. (NFS) is providing the required notice for a Class I modification to its existing Hazardous Waste Management Part B Permit (TNHW-157).

A supporting document of the permit, the "NFS Emergency Plan," was updated with new information.

NFS submitted revised copies to the Division of Solid Waste Management (DSWM). These documents have been designated as "Official Use Only" and cannot be released to the public due to their sensitive nature. The revision to these documents does not alter permit conditions or reduce the capacity of the NFS facility to protect human health or the environment. The DSWM has reviewed and approved the changes as a Class I Permit modification effective June 30, 2017.

Thank you for your interest in our facility.

Sincerely,

NUCLEAR FUEL SERVICES, INC.
